Answer

THE MINISTER OF STATE FOR WATER RESOURCES, RIVER DEVELOPMENT AND GANGA REJUVENATION

(DR SANJEEV KUMAR BALYAN)

(a) The Government of Haryana has informed that Shahbad Feeder Canal is one of the major canals of Dadupur Nalvi Canal Irrigation Scheme. The Shahbad Feeder Canal is off taking from Dadupur Pond on Western Jamuna Canal. An escape regulator is constructed at its tail end to release excess flood water into river Markanda, which itself is a tributary of Ghaggar river. As such, Dadupur Nalvi Canal Irrigation Scheme is already linked with Ghaggar river.
(b) As informed by Haryana Government, there is no proposal under consideration for upgradation of the capacity of Dadupur Nalwi canal.
